### and what have you

by BOB CRAIG

State Representative Roy Arledge said this week from Austin that migrant farm labor would be virtually eliminated by a Bill which is now pending in the Motor Traffic Committee of the Texas House of Representatives.

"H. B. 401", Arledge said, is almost the same piece of legislation which I campaigned against during the past election. Because of the totally unreasonable restrictions in this Bill on the transportation of migrant workers, it would be almost impossible for the farmers in our district to secure the needed labor to produce and gather our crops.

"This proposal, H. B. 401, is even more restrictive and unreasonable than was H. B. 113 of the last Legislature, which I explained during the last campaign," Arledge stated. "As a member of the Committee considering this measure, I shall do everything possible to stop this Bill so that it will not become law," he continued.

Arledge received outstanding Committee assignments for his first term. He is a member of the all-important Oil and Gas Committee, the Livestock and Stock Raising, Motor Traffic, Public Lands and Buildings State Hospitals and Special School Committees.

"It is my hope to do the best possible job in the State Legislature for the folks in our area," Arledge concluded, "and I will appreciate hearing from each and everyone so that I may have your views and suggestions on pending legislation."

## COUNTY DECLARED A MODIFIED CERTIFICATE BRUCELLOSIS AREA

Jones County has been officially declared a Modified Certificate Brucellosis area, according to Jones County Agent, Kirby Clayton who helped coordinate the program in Jones County. This Certification entitles livestock producers to move cattle into and out of Jones County with all the rights and privileges contained under the law for a Modified Certificate Area.

Jones County was declared a Modified Certificate Area on December 14, 1962 by virtue of the fact that Brucellosis has been reduced to not more than one per cent of the cattle in not more than five per cent of the herds as indicated by official testing under the cooperative State - Federal Program. This certification is valid for the period December 14, 1962

### 1926 Rainfall Here 23.88 Inches

Total rainfall recorded during 1962 was 23.88 at the Hamlin City Pump Station Bill Rountree. City water superintendent, who also keeps the record for the Weather Bureau, shows that the largest reading was on September 6 with 2.57 inches.

The totals by months with the maximum reading for the month are listed below: January, no measurable amount, only traces and snow and sleet; Feb. .07; all on the 15th; March, 1.18 with .83 on 20th; April, 1.41 with .58 on 4th; May, 1.40 with 1.10 on 26th; June, .84 with 2.19 on 10th; July, 1.12 with .38 on 26th; August, .63 with .42 on 2nd; September, 7.09 with 2.57 on 6th; Oct., 1.62 with .84 on 20th; Nov., .29 with .19 on 17th; Dec., .59 with .29 on 2nd.

### Brotherhood Sets Meeting Monday

The Men's Brotherhood of the First Baptist Church will meet at 7 p.m. Monday evening for a Ladies Night program.

The Rev. Norris Onstead, pastor of the First Baptist Church of Anson, will be the speaker.

The covered dish dinner will be served in the Fellowship Hall.

BOY SCOUTS FINISH PAYING FOR BUS — Boys of Scout Troop 43 pictured above, manned the pumps at Oliver Oil Co. service station Saturday and the profits received from gasoline sales enabled them to finish paying

off the bus, pictured in the background. The boys paid off the \$20 due on the bus and now have money for expenses for their trips and other scouting activities.

## SCOUT EXECUTIVE SPEAKS AT COURT OF HONOR HERE SUNDAY

Troy Boone of Abilene, District Executive for the Chisholm Trail Council, was guest speaker for the Court of Honor conducted by the Boy Scouts of Troop 43 in the junior high school gymnasium Sunday afternoon.

Boone congratulated the troop and their leaders, J. O. Murphee, L. R. Brown and Floyd Smith, on the excellent job being done in scout work here. Troop 43 is now

the largest troop in the Chisholm Trail Council. This troop was chartered in February 1962 with nineteen members. They now have 46 boys active in scout work.

Among the awards given Sunday were seven tenderfoot one second class, one first class and one leader award and several merit badges.

Murphee told of the plans for the coming year which will include a weekend trip to Austin, a tour of the capitol and the governor's mansion. There are possibly 26 boys planning to make the trip March 7.

Floyd Smith reported on the activities of the past year. The most recent project was the operation of the Oliver Service Station Saturday. Proceeds were approximately \$54.00 of which a portion was used to complete the payment for the bus purchased earlier in the year. They also helped with the March of Dimes drive again this year.

The boy's current project is selling tickets for the Lions Club annual Pancake Supper. They will receive one-third of the proceeds for the tickets they sell, which is the same offer made by the club last year. The Lions Club is sponsor of the troop.

## SURVEY SHOWS FARM INCOME, EXPENSES UP OVER PAST YEAR

The Jones County Animal Health Committee met in the Jones County Court room at 2:00 p.m. Thursday, February 7th to discuss further plans for collecting \$1500.00 for the Screwworm Program, according to information received today from Charlie Myatt who is Chairman of the local fund raising campaign and Chairman of the Committee.

"The Jones County quota is \$8918.00," says Myatt "and we are presently short \$1500.00 of the established goal." The Chairman urged all livestock producers and committeemen to get out and raise the additional funds to meet the established quota. Collected funds should be deposited in the nearest local bank and deposit slips mailed to Charlie Myatt, Route 6, Abilene, Texas.

If livestock producers fail to collect the \$100,000.00 needed in Texas to match the State

and Federal funds, the Screwworm Program will have to shut down in Texas, says Myatt. Federal and State funds will not be made available until livestock producers measure up to their obligation by raising their part of the money.

"Let's not stop until every penny has been raised," the Chairman said.

### Week End Moisture Measures .29

A dry January was recorded here at the Hamlin City Pump Station by Bill Rountree, local weather representative. He reports only .03 rain on the 4th and traces of moisture in the form of snow on the 12th and 19th. A trace was also recorded on January 26.

On February 10 there was a reading of .10 and then on Feb. 11 an additional .19. The Feb. moisture was a welcome sight to the area even though it was accompanied by below freezing temperatures. Rain Sunday evening after the reading at 5 p.m. temperatures were followed by snow until Tuesday morning.

### Singing Sunday

The Jones and Fisher County Singing will meet Sunday at 2 p.m. in the Foursquare Church. A large crowd is expected and everyone is invited, according to O. L. Cohron.

### Jack Hames Hurt In Midland, Has Surgery Tuesday

E. M. (Jack) Hames, had surgery on his left hip at Midland Memorial Hospital Tuesday for treatment of injuries received when he fell from a building he was dismantling Friday.

Other than the broken hip his back and pelvis bone are broken and also his left arm and leg and his right foot.

According to Mrs. Hames his condition is fairly good although he will be hospitalized for several weeks. He will have surgery on his foot at a later date.

Hames has been working in Midland for the past several months.

## COUNTY SHORT \$1500 ON SCREWORM PROGRAM GOAL

By Thomas K. Hunter  
Area Farm Management  
Specialist

Farm production expenditures continued their upward trend in 1962 reaching a level of about 27.7 billion dollars. Realized net income of farm operators was virtually unchanged from the preceding year since increased gross income was offset by increased production expenses. Production expenses now average over 68 per cent of total gross farm income.

Prices paid for fertilizer, building supplies, and pesticides changed relatively little while farm wage rates and the price of farm machinery and feed increased slightly. The increase in prices paid and greater use of purchased inputs caused increased expenses. Farm wage rates and prices of farm machinery have been increased for several years and are likely to increase slightly in 1963.

Feed prices were a little higher in 1961-62 than a year earlier and are expected to increase slightly during the coming year. The 1962-63 feed supply of 241 million tons is 19 million tons smaller than the record of 1960-61 supply. The 1962 feed grain crop estimated in October at 139 million tons is slightly below the record output in 1960. Total concentrates fed to livestock in 1961-62 rose 5 per cent even though feed grain prices were 3 per cent higher and high protein feed prices 6 per cent higher. Domestic consumption of feed grains is expected to continue heavy, with increasing livestock numbers in prospect in 1962-63, probably exceeding the high level reached this past year. Feed prices in the future will be influenced greatly by the results of government agricultural programs. Hay supplies are slightly below last year, and prices of hay and seed probably will average a little higher in 1963.

Prices paid for feeder cattle and calves are about two cents per pound higher this fall than in 1961. Prices paid for stocker cattle in the spring of 1963 are expected to average about two cents per pound higher than last year. Per cap-

### Avoid Rush: Get Car Inspected Before Deadline

Residents of Jones County are urged to have their cars inspected now and avoid the rush as the deadline, April 15 draws near.

The new 1963 stickers are blue and may be obtained from any authorized inspection station in this county. Patrolman Donald Joy is in charge of motor vehicle inspection in this vicinity.

According to Dan Nawlins of Abilene, Safety Education Patrolman for this 12 county area, only 3,279 cars have been inspected thus far. This represents 31 per cent of the 10,640 cars registered in Jones County.

Bad weather hinders inspection so car owners are asked to take advantage of the pretty days and not wait until the last minute, says Newlin.

### Ministerial Group Plans Sunrise Easter Service

Plans for the Easter Sunrise Service to be held in Hamlin April 14 were made Tuesday morning by the Hamlin Ministerial Alliance at the regular monthly meeting at Bunnie's Restaurant.

President John Burleson presided. Other pastors present were: Rev. Val Hinkle, Sunset Baptist Church; Rev. J. C. Amburn, First Assembly of God Church; Rev. Cecil Stowe, Church of the Nazarene; Rev. Lenard Hartley, First Baptist Church and Rev. Jim Boswell, First Methodist Church.

The sunrise service will be held in the sanctuary of the First Baptist Church with members of the Alliance having parts in the worship service. The choir of the local churches are being asked to form a combined choir. More information will be released as time for the service approaches.

### Spur Man to Open Shoe Service Here

Hamlin Shoe Service will be reopened here Saturday by the new owner, Slim Metter. Metter and his wife will offer a complete boot and ladies' service.

Formerly of Spur, the new owner has had 20 years of experience in the shoe repair business.

Monahans Man  
Named Telephone  
Co. Manager Here

Harold Johnson of Monahans has been named manager for the Southwestern Bell Telephone Company in Hamlin succeeding Roy Eury who has been transferred to Dallas. Announcement of the change was made by Duan Dawkins, district manager for the company in Abilene who said the change is effective immediately. Eury has served as manager of Hamlin since August of 1961.

Johnson, the new manager, is a veteran of 13 years with the telephone company. He began his career in Longview in 1950 and has served at Marshall, Tyler, Lubbock and Monahans. He was promoted to manager of the Monahans business office in April of last year. An active civic worker he has participated in Junior Chamber of Commerce activities, Chamber of Commerce work and Boy Scout projects.

### Gerry Bowman Named Cashier Of Corpus Bank

Gerry Bowman of Clyde son-in-law of Mr. and Mrs. Joe Murff, Hamlin has accepted a position as cashier of the new Stonewall National Bank in Corpus Christi.

He has been a cashier of Peoples State Bank in Clyde since February 15, 1961. He is a 1951 graduate of Lubbock High School and graduate from Hardin-Simmons University in 1956. He completed his training at the Texas Institute of Banking. He worked at Abilene's First State Bank from 1952 until assuming the post with the Clyde bank.

Mrs. Bowman, the former Norman Jo Murff, is a 1954 graduate of Hamlin High School and attended Gail Business School at Abilene.

The Bowmans have two children Lynn Jo, 5 years old and Ricky, 2 years old.

### Three File for Re-Election on School Board

An election to fill three places on the Hamlin Independent School District has been called by the board for Saturday, April 6, 1963. All three trustees whose terms are expiring have filed for re-election.

Seeking re-election on the board will be Eddie Jay, Bill Harbert and Dr. M. L. Smith. Deadline for announcing as a candidate has been set for March 6.

Noel Weaver has been named election judge and he will be assisted by two clerks, Mrs. Brad Rowland and Mrs. C. C. Prater.

## LIFE'S OBSTACLES

We can easily see physical obstacles such as logs, boulders, and many other things that may be too difficult for our children to handle, but things that are not physical are not always so obvious. A young child needs help from his parents in spiritual matters too. The church can be an influence on children's lives, but when you, a parent, are taking part in church worship, you can be an even greater influence. Give your children, the leaders of the future, a hand now when they need it most. Take them to church regularly...and you too, will have a fuller and better life.

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## SOCIAL SECURITY, INCOME TAX TIPS GIVEN FOR FARMER S

Editor NOTE: Following is the first of six articles prepared jointly by the Internal Revenue Service and the Social Security Administration for readers' information during this annual Federal tax reporting season.

Farmers -- perhaps more than any other group in the population -- are keenly aware of the changes wrought in nature by the four seasons. They have to be -- their livelihoods depend almost entirely on how they plan for and adjust their activities to the cycle of the seasons.

Another time of the year that farmers are alert to has again arrived. This is the time when they begin looking over the books to see what they must report to Uncle Sam on their Federal income tax returns for the year just past. And they know that since 1955, these same tax returns and the contributions paid them build social security protection for them and their families against the loss of income with disability, untimely death, or retirement.

It isn't just the farmer who has had an especially good year who earns social security credits. There is an optional method of reporting for farmers whose net earnings in 19-62 were low or non-existent. It works like this:

(1) If a farmer's gross income from agriculture self-employment is not more than \$1,800, he may count as his net farm earnings either his actual net or two-thirds of his gross income.

(2) If his gross farm income is more than \$1,800, and the net farm earnings are less than \$1,200, he may use his actual net or \$1,200.

But if his gross farm income is more than \$1,800, and his net farm earnings are \$1,200 or more, he must use the actual amount of his net earnings.

Because of the option available, a self-employed farmer with a gross income as low as \$600 can obtain social security credit for 1962 -- and so build protection for himself in his old age, or if he becomes disabled, and protection for his

survivors in case of death.

Some farm owners who receive cash - rent or crop shares from tenant farmers can get social security credit for that income. If the farm landlord (or his agent), under his agreement with his tenant, materially participates in the production or management of production of the farm crops raised on his land, this income may be reported for social security purposes.

Information regarding taxes due and tax return forms can be obtained at the Internal Revenue Office at 951 N. 3rd in Abilene. If you have any questions about old - age, survivors, or disability insurance, the people in the social security office at 203 Fannin in Abilene will be glad to answer them.

### Car Stuck In Loose Sand

Almost as tragic as having your car stall in midstream on a cold day is to traverse some back road and have the wheels of your car sink deep in loose sand.

The more you spin the wheels, the deeper they sink. So don't do it!

Stop at the first wheel spin, get out, walk to the nearest water, fill a pail, or your hat, then douse water around both rear wheels to pack the sand.

This will enable you to drive out with relative ease.

### Beware The Safety Button

Many a hunter has shot himself, or somebody else, simply because he relied too heavily on the safety catch on his shotgun.

Safeties on shotguns are apt to give a sportsman a false sense of security. All the safety snap does is block the trigger so they can't be pulled.

It doesn't block the hammers so they can't fall and hit the firing pins. And hammers are what fire the guns.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Lawyers are wondering if the Texas Senate really passed a constitutional amendment resolution proposing that the voters give women equal rights.

Records show that this resolution passed the Senate 26-5. But it also shows that the Senate voted down an amend-

ment which would have made it clear that the purpose of the proposal was to repeal all laws on the statute books which treat women differently from men.

When courts interpret the laws and the constitution, legislative intent is what they must determine. Records now show that the legislative intent of the Senate was not to repeal all the discriminatory laws about women.

This proposal, by Sen. William T. Moore of Bryan, has been (passed it) in the Senate many times before.

It now goes to the House of Representatives, which has (passed it) many times before.

**TEXAS SELLS ITSELF**  
Legislators' proposal to add such slogans as "Lone Star State" and "Texas Has Everything" to auto license plates haven't found favor with Dewitt Greer, chief engineer for the State Highway Department.

"T-E-X-A-S is the only slogan this state needs," Greer told the House Appropriations Committee. He added that more wording on car tags just means additional expense.

"All law enforcement officers will tell you," Greer explained, "that the readability of the rest of the plate is lessened if you crowd in slogans."

**PARKS-HIGHWAY TIE IN**  
Greer testified before the same committee during hearings on a bill by Rep. David Haines of Bryan to put state parks under the Highway Commission's jurisdiction.

Greer made it clear that his commission is not seeking an extra job. But he stated, "If you gave us three parks to administer, we would do an outstanding job of it."

Haines' proposal is an alternative to Gov. Connally's suggestion that the Parks Board be combined with the Game and Fish Commission.

Rep. Haines said he thought Greer's agency could and

should take over the parks, and make each highway district responsible for the parks in its district.

"If the parks were improved," Haines stated, "it would increase highway travel, which would increase gas consumption. And that would increase the gas taxes to the highway commission, so they would have a high stake in doing a good job."

**DEATH OF POLL TAX?**  
—If the rest of the Senate feels like the Senate committee on constitutional amendments, the poll tax may be on its way to extinction.

Committee gave a nine-to-two approval of Laredo Sen. Abraham Kazen's bill to submit to the people a constitutional amendment that would kill the poll tax as of February 1, 1965.

The two "no" votes in committee came from Sen. George Parkerhouse of Dallas and Sen. Galloway Calhoun Jr. of Tyler. "Ayes" came from Sens. Kazen, Charles Herring, of Austin, Roy Harrington of Fort Arthur, Don Kennard of Fort Worth, Culp Krueger of El Campo, Walter Richter of Gonzales, Aaron Schwartz of Galveston, Franklin Spears of San Antonio and Jack Strong of Longview.

If Kazen's bill passes the full legislature, voters would make the final decision in the 1964 general election. So far, every state that has voted on the federal constitutional amendment to do away with poll taxes, except Mississippi, has voted to drop it.

**"COLOR - BLIND" TAX**  
Rep. Howard Green of Fort Worth introduced a bill to make the poll tax "color blind."

Green called the race notation on voter registration forms useless and outmoded. Furthermore, "It is an additional bar to full citizenship."

He believes his bill will pass with little opposition, but there are many who consider the race notation a necessary aid to voter identification.

**ANTI - POLLUTION BILL**  
—A bill to give a county health officer the power to enter and check business establishments and manufacturing plants "to discover threats to the public health" from air or water pollution was reviewed by Rep. Bob Ehardt of Houston. He failed to get it passed in previous sessions.

Governor Connally is supporting the new bill.

**ATTORNEY GENERAL DONATIONS OPPOSED** — Contributions from oil companies

**FREE FISHING** — An easing of fishing license requirements

aimed at helping unemployed persons on the Gulf Coast—has been introduced by Rep. Ed J. Harris of Galveston.

Harris proposed that citizens be allowed to fish with rod and reel in their home counties without paying \$2.15 for a license. He described fishing in one's own county or from one's own property as a "basic, human right."

**PURCHASE RAISE PROPOSED** — A bill to raise from \$150 to \$500 the amount of "emergency purchases" a county can make without advertising for competitive bids has been drafted by Rep. Vernon Beckman of Denison.

Beckman said a county official can't buy a truckload of gasoline or a typewriter without exceeding the \$150 limitation enacted in 1921.

Beckman introduced another bill which would raise the maximum to be spent by county commissioners on office buildings or jails in cities other than the county seat from \$150,000 to \$200,000.

**OIL ALLOWABLE UPPED** — Texas Railroad Commission has given oilmen their biggest production raise in many months. Commission has set the February allowable at 29 percent of potential.

**MEDICAL PRACTICE** — Senator Jim Bates of Edinburg has introduced legislation (SB 64) aimed at licensing and regulating non-physician owned and operated clinical laboratories.

"This bill would strengthen the Texas Medical Practice Act," Bates says, "by establishing educational and experience standards as a requirement for licensing by the State Department of Health."

Bill also requires that all tests be performed only upon the request of a doctor.

**TOO BIG** — Rep. V. E. "Red" Berry of San Antonio wants to divide Texas into two states.

A constitutional amendment proposed by the colorful retired gambler would create the "State of South Texas." Berry envisions it as a tax-free paradise in which horse racing, liquor by the drink and tourist trade would flourish.

"Nearly all counties in 'South Texas' voted for racing last year," he said enthusiastically.

**RAPID PACE** — Highway construction moved along at a rapid, but not record, pace in Texas during 1962. State Highway Engineer D. C. Greer says Texas is "on schedule" in the interstate program.

He particularly notes, how-

ever, that Texas is building its mileage at about 60 per cent of what the cost per mile in other states has been.

Sprawling interstate systems and unique bridge projects highlighted the year for the Texas Highway Department.

Eighty-one new interstate miles were built in the state, bringing the total now open to traffic to 1,895 miles.

Texas' target is 3,000 miles by 1972, Greer says.

**AG RENAMED** — Maj. Gen. Thomas S. Bishop has been reappointed Adjutant General of Texas by Governor Connally.

Brig. Gen. James D. Scott also was renamed assistant.

**REDISTRICTING PROPOSED** — Dallas County will get Texas' 23rd Congressman if the 9-man Dallas House Delegation has its way.

All three Democrat and six Republican House members have joined in introducing a bill to redistrict the state.

Their proposal would split the county into two congressional districts along the north-south line which now divides county commissioner precincts.

**CONSTITUTION REVISION** — Rep. Carl Parker of Port Arthur says he will handle in the House a measure creating a 40-man commission to study revision of the Texas Constitution.

A similar measure, SB 31, has been introduced in the Senate by Sen. A. R. Schwartz of Galveston.

to finance investigations by the attorney general to see if competitor's oil wells are slanted would be outlawed under a bill introduced by Rep. Ben Barnes of DeLeon.

Nearly \$300,000 in contributions from major — and some minor — oil companies was used by former Attorney General Will Wilson to make such surveys in East Texas.

Attorney General Waggoner Carr told Representative Barnes that the \$80,000 recently appropriated by the legislature will be sufficient for his investigations.

So Barnes filed a proposal which would make it illegal for the attorney general to accept money from anyone to investigate or prosecute anything.

**RENTAL PAY PLAN** — Fifty per cent of a man's weekly wages could be attached to pay child support if Tyler Rep. Ben Jarvis' bill became a constitutional amendment.

**COUNTY UNIT CHANGE PROPOSED** — Rep. George T. Hinson of Mineola thinks it's time someone started doing something about "modernizing county government."

So he has introduced a bill to require county commissioners to be elected by the county at large.

Each county precinct would have to put up resident candidates, which, Hinson explained, would assure continued local representation through pooled knowledge of each precinct's problems, and prevent the largest community from filling a commissioners court with its own residents.

Hinson believes his county-at-large election plan would get commissioners from all precincts to work at all times for the best interest of the entire county.

If his bill becomes law, Hinson sees it as a forerunner to eventual, economical pooling of the resources — capital, road machinery, manpower and equipment — of all a county's precincts into one central unit.

**DO 'EYES' HAVE IT?** — A proposal by Rep. Bill Walker of Cleveland that the state song be changed from "Texas, Our Texas," to "The Eyes of Texas" has been referred to a study subcommittee which includes no Texas exes.

Subcommittee chairman Gene Hendryx of Alpine is a Sul Ross graduate. One member, Rep. Howard Green of Ft. Worth, finished at T.C.U., and the third member is an ex-Aggie — Rep. Richard C. Slack of Pecos.

Some interested legislators have suggested that the "Eyes of Texas" might be made more palatable by the opening bars of three "Aggie War Hymns" were added.

But a state association of music clubs has indicated that the Aggies aren't the only ones opposed to a change of the state anthem.

**"MADE IN U.S.A." ORDER HIT** — The 3rd Court of Civil Appeals in Austin has contracted the State Highway Commission by declaring that the commission has no authority to enforce a "made in the U.S.A. only" restriction on highway construction materials.

Commission had stated on October 28, 1960, that highway contractors can't use foreign materials for highway construction. This order was challenged by the Texas Association of Steel Importers, Inc., in the 53rd District Court in Austin, which upheld the state order.

Importers appealed to the 3rd Court of Appeals. It ruled, "We believe an order disallowing all imported materials from the market available to highway construction contractors act to restrict competi-

tive bidding."

## FORMER RESIDENT MARRIED SATURDAY IN CANYON CHAPEL

Elva Nelle Sibert, a former Hamlin resident, and member of the 1958 graduating class of Hamlin High School, was married to Billy Joe Devers of Spearman Saturday evening in the Joseph A. Hill Chapel on the Campus of West Texas State College, Canyon.

Miss Sibert, daughter of Mr. and Mrs. Austin Sibert of Midland is now employed in the business office of WTSC, Canyon.

Devers is the son of Mr. and Mrs. Roy O. Devers of Spearman and is now attending WTSC, Canyon.

The wedding was solemnized at 6 p.m. with Dale Peterman of the Midland Church of Christ officiating.

The bride was given in marriage by her father who is a Church of Christ Minister.

Myra Sibert, sister of the bride who is now attending Lubbock Christian College, was maid of honor. Bridesmaids were Linda Adams of Tulsa and Peggy Devers, sister of the bridegroom, of Spearman.

Donald Ray Devers of Amarillo was best man for his brother. Groomsmen were Dan Vaughn of Spearman and Bill Canyon.

Cross of Pampa, Charles Sibert, brother of the bride, Omar Sutton of Spearman and John Shaller of Canadian were ushers.

Dorothy Higdon was organist and Rita Conn was soloist.

The bride's floor length gown of Chantilly lace over satin was accented with seed pearls outlining the V neck of the fitted bodice and the points over the wrists of the tapered sleeves. Her shoulder length veil of illusion was attached to a tiara of seed pearls. She carried a bride's Bible topped with carnations and greenery.

The attendants dresses were of delustrated satin with matching shoes and crownless pillboxes. The maid of honor wore willow green and the bridesmaids wore antique gold. Their flowers were bunched gold pom poms.

The reception was held in Cousins Hall on the WTSC campus.

For a wedding trip to Lubbock the bride wore a forest green wool suit with matching hat and black accessories and a corsage from her bridal bouquet.

The couple will reside in Canyon.

## DePriest Students Present Style Show February 1

A Carnival of fashions was the theme of the style show presented by students of the DePriest Chapter of New Homemakers of America. The review was staged in the Hamlin High School auditorium Friday, February 1.

Under the leadership of Mrs. Ethel Cunningham, Homemaking instructor, 30 students, both from the regular classes and the adult classes, modeled their clothing amid carnival scenery of bright colored pennants, streamers and balloons.

In the lounging clothes division models were Alice Ervin, Estelle Willis, Eva Jo Delce, Deltha Henry and Louise Bolden.

The cotton candy fashions included simple cotton dresses and suits appropriate for school and casual wear. Models were Ella McPheerson, Dina Lee, Cary Austin and Rosie Delce.

Confetti Fashions, garments in bright youthful colors of cotton and woolen materials, were modeled by Sandra Covington, Nancy Miller and Willie F. Kirby.

Dress apparels, for church and similar occasions were modeled by Iva Jaye Starr, Mae Dee Davis, Eva Nabors Ola Mae Thompson and Lillie Faye Davis.

In the evening wear division models were Bettye Johnson, Barbara Nell Johnson Estelle Willis and Queen Ester Butler. Adults modeling were Mrs. Alberta Cork, Laura Butler, Janna Baldwin, Lena Butler, Janice Cork and Maudie Paige.

The finale, a Carnival Ball, featured musical selection presented by a group of students under the direction of Bobby Cain. The young ladies and men were attired in evening wear fitting to the occasion. A reception was held at the DePriest Homemaking department following the fashion show.

## NATIONAL ELECTRICAL WEEK

February 10-16 1963

The three million men and women of the electrical industry observe National Electrical Week each year during the week of Thomas A. Edison's birthday, February 11. National Electrical Week is a time when attention is focused on the contributions that electricity makes to our economy, our high standard of living, and our progress as a nation.

## ELECTRICITY

America's Growth Power

## Do you know that...

Today the United States has more power capacity than the next 5 nations combined and almost three times the power capacity of the Soviet Union.

West Texas Utilities has increased its electric generating capacity over 6 times since 1942.

In terms of residential use, the American home uses nearly eight times the electricity of the Russian home. Americans use twice as much for lighting alone as the Russian total.

The average cost of a kilowatt hour to residential customers served by WTU has decreased 35% in the last 20 years.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

After a week of warm, beautiful weather winter is here again this Monday morning. The snow which fell in the night is a welcome sight, all we need is a lot more of the same. The drought of the past few months was beginning to get serious to the wheat growers, although the little wheat surley did take a new lease on life after the warmer, sunny weather set in. Fields that looked to be dead, unless you looked closely, are again a beautiful green, and growing in spite of the lack of moisture.

Mr. Wainwright was in a critical condition for several days last week, but at last report he was improved slightly, but owing to his advanced age, he is still in serious condition.

We are sorry to report that Mrs. Derrel Lewis's father, J. W. Ray, of Lubbock, passed away last Thursday morning, in a hospital in Lubbock. He had been seriously ill for some time and death was not unexpected. Funeral services were held Friday afternoon in the Canyon Baptist Church, east of Lubbock. He is survived by his wife, several children and grandchildren, and was a member of the Baptist church, serving as deacon.

John Goodwin, of Los Angeles California, arrived by plane in Abilene, last Tuesday evening, where he was met by his brother, Woodrow, for a visit.

Joyful Reapers  
Union Guests of  
E. B. Hoppers

The Joyful Reapers Training Union of North Central Baptist Church were guests in the home of Mr. and Mrs. E. B. Hopper for the regular monthly business meeting and social.

Hopper, vice president of the group, presided. The devotional was given by Viva Dell Wilcox. George Campbell gave the opening prayer. Mrs. D. A. Mullins directed games. Ten members and five visitors were present as follows: Messers and Mmes. Kenneth Leverett, A. M. Burleson, Joe Castel, Roy Embry, George Campbell and Yvonne Castel. Mrs. Mullins, Mrs. Wilcox, and the hosts.

with his brothers and sisters of this area. Mr. Goodwin is a retired navy man, making his home in California after his retirement. Wednesday, the two brothers accompanied by a sister, Mrs. Mamie Blisset of Anson, went to Roby to visit with their ill brother, Bryan Goodwin. They were met there by another brother, Walter of Odessa, which made a nice family get together.

Mrs. Buck Joiner and Susan, made a short visit with the Elmer Joiners, Thursday afternoon, having come from Odessa for the funeral of their grand mother, Mrs. T. A. Durham, of Anson. Also coming from Odessa for the funeral were Mrs. Donnie Holloway and Beverly, and Mrs. Troy Rodgers, sisters of Mrs. Joiner and also granddaughters of the deceased.

After a prolonged illness Mr. E. A. Henry's brother, of Crosbyton, passed away last Friday afternoon, a victim of a heart attack. Mr. and Mrs. Henry attended the funeral, time and place was not learned.

Mr. and Mrs. Rex Jones and children, Abilene, visited with the Mel Jones, Saturday.

Mr. and Mrs. Flavil Holmes and Mr. and Mrs. Jack Wright, Melinda and Keenan, all went to Abilene Sunday after church to take dinner with Mr. and Mrs. Bill Clements and girls.

Mr. and Mrs. Joiner went to Stamford Sunday afternoon and visited with Mr. and Mrs. A. E. Rutherford. Mrs. Rutherford has been ill most of the winter but at this time is improved a bit.

Singing and family night at the church was fairly well attended last Wednesday night, considering that the pastor and family were unable to be there. After a session of songs, the crowd all went to the Rosenbaum home for refreshments and some good games of 42. Nineteen were present, which seems like a small crowd to a larger congregation, but it makes for a good time and close fellowship, so we all enjoy it still.

Mr. and Mrs. Fred Rosenbaum visited in Stamford Thursday night, with the Wainwright family, at the hospital.

NEINDA PHILOSOPHER TAKES  
A STAB AT UNDERSTANDING COMMON  
MARKET IN EUROPE, BUT MISSES

Editor's note: The Neida Philosopher on his Johnson grass farm on Route one takes a look at the Common market this week, but what he sees is hard to say.

Dear editor:  
In between news of new cold fronts, the papers lately have been filled with articles about England's troubles in getting into the European Common Market, and I have been giving this some thought.

As I understand it, nobody really understands it. I mean, nobody understands why De Gaulle won't let England in, when all the other countries in on the deal want her in. One magazine took ten

pages to explain it, and never did. The Common Market, it has been explained to me, simply lifts all the border barriers between the countries of Europe, so that potatoes, say, can move from France to Germany like they can from Jones to Taylor counties, without any tariff changes or red tape.

But De Gaulle is standing firm against England, possibly on the grounds that he doesn't like English potatoes. It's not that he has anything against Englishmen. For example, during the first World War and also in the Second World War, France was highly in favor of a common market in soldiers,

and welcomed British fighters with open arms. Weren't any tariff charges on them. Why they even let Americans in on it.

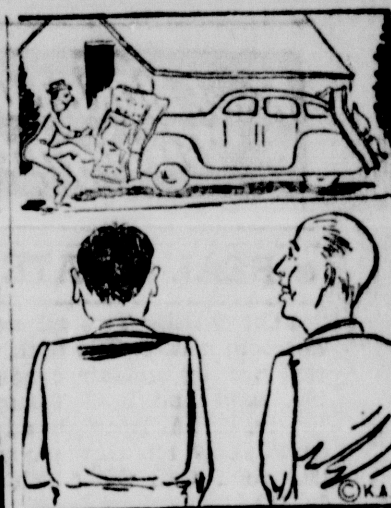

This is all I know about the Common Market, and to rest my mind from all this international thinking, I would like to get on a domestic subject and ask the weather bureau a question.

Cold fronts have been sweeping over the United States so often this winter it's hard to keep up with them. For example, I'm not sure whether it was four or five fronts we had in January, and what I'd like to ask the weather bureau is why doesn't it name

them like it does hurricanes? The first official American flag was displayed on Prospect Hill, Jan. 1, 1776.

The Continental or Grand Union flag had thirteen alternate red and white stripes with the British Union Jack in the upper left corner.

Stars and Bars was the name given the first Confederate flag, adopted in 1861 by the Confederate convention in Montgomery, Ala.

## HE'S LEFT 'HOLDING THE BAG'

Dear Amy:  
This girl I go with takes me shopping with her and when we get to a women's store, she gives me her handbag to hold while she shops with her charge-a-plate. This gets embarrassing when a friend comes along and sees me holding her bag. What's a guy supposed to do?

Embarrassed Holder

Dear Embarrassed:  
'Holding the bag' while your wallet is intact has its compensations. But if you still feel embarrassed, say "nix" on future shopping trips.

Dear Amy:

After being a widow for 19 years, I recently married a retired chef. My friends tell me that I am lucky to have a cook in the family, which of course, I do not complain about. But when he starts preparing some of his culinary concoctions which he calls his specialties, he uses all the pots and pans in the house and he leaves the kitchen in shambles.

My problem is: How can I tell him to go easy with the kitchen utensils without hurting his feelings?

In a Dilemma

Dear In:  
Chefs never clean up the mess, they just make it! If you find the cleaning up job a chore, retire him permanently—or shop around for a dishwasher.

Dear Amy:

I'm eighteen years old and I've been dating a married man for quite a while. He's been married for nine years. He has a child who just started school.

His wife knows of our dating and told him that she would leave him if he didn't stop seeing me. But he hasn't stopped and says that he loves me too much to even think about it. He's never dated anyone else since his marriage.

I know that I'm in the wrong. But I also know that I love him very much. What should I do? Listen to my head or my heart?

Mixed Up

Dear Mixed Up:  
I have no intention of giving you a lecture (not that you couldn't use one). But any girl who intentionally dates a married man is pretty low-down in my book. If

you have a heart, think of what you're doing to his family... and if you have a head, use it. Send him home where he belongs!

P.S. Please read the following letter.

Dear Amy:

I'm a single girl of 17 years and in love with an 18 year old man. He's married and says he loves me, but every time I go to town, I see him and his wife holding hands together or sitting with his arm around her. He said he doesn't love her—he loves me. He also has a 1 1/2 year old baby girl.

He's always telling me he'll get a divorce but I never see any action. When another boy wants to date me, he gets mad and says if I do, he's through with me for good. So I don't go out with them and they say he's got me tied around his little finger. Because I love him very much, I lend him money for cigarettes and gasoline.

Just the other day I found out I was pregnant. Now I don't know what to do. I'm afraid to tell him for fear he'll leave me and I couldn't bear that. Please, Amy, what should I do? Tell him or go to his wife and try to explain. My own mother kicked me out when she found out the condition I was in.

A Worried Soul

Dear Worried:  
Telling him will not force his hand because he will not marry you. Telling his wife would make this awkward, unpleasant situation worse. Children who play with fire get burned. Don't stir up any more sparks—the damage is done.

Send me your name and address and I will put you in touch with a home for unwed mothers that will care for you until your child is born.

Personal to Lonesome Lovers:  
If he can afford the license, get married. One more or less in the family won't dent the budget.

## PIPER PATTY

by O. H. WEAVER JR

"No Bride For The Groom", the title of the Senior play which will be presented in March. Last week tryouts were held and the following characters were selected: Bess Selby-Lagena Weaver; Herbert Prindell-Barry Moore; Jolly-Billy Blankinship; Sophia Selby-Margaret Maberry; Digby Prindell-Van Newberry; Libby Little-Betty Jane Robertson; Bots-Danny Niedecken; Salaman-Sunny Teague; Dot Clair-borne-Gloria Jenkins; Tom Swanton-O. W. Weaver, Jr.; Prissy Paluna-Dotty Albritton; Belinda Groot-Lou Ann Hawkins.

Director of the play will be Mrs. Dewey Nunley. Mrs. Everett Gibson is business manager and Mr. Milburn Wink and Mr. B. V. Newberry are in charge of the stage.

Serving as student director is Dan Newberry. Other class members filling certain jobs are: Tommy Brown-sound effects and program; Sandra Javroo-student business manager; Jackie Smith and Penny Ford-tickets; Mary Debs Rountree-prompter; Dorothy Gray-make-up-artist; Andy French and Mary Debs Rountree-understudies.

Members of the Hamlin High School Stage Band won first place in the Class 2A division in Canyon Saturday at the Fourth Annual Stage Band Festival held at West Texas State College. The group received a division I rating and an outstanding band award in competition with three other 2A schools. These include: Denver City High School, Spearman High School, and Dalt-Hart High School.

There were 18 band members who made the trip, accompanied by the director, Tim Jones. Members of the stage band included: Marolyn Reynolds, Carolyn Reynolds, Mary Margaret Turner, Freddie Shave, Jack Townley, Terry Carter, Judy Fitzgerald, Ronnie Sipe, David Drummond, Gary Cagle, Dennis Weaver, Nicky Moore, Randy Smith, Tresa Josey, Diane Bond, Ginger Kidd, Gary Ted Jay, and Butch Holland.

This is the second year that the Hamlin stage band has taken part in this type of competition and is also the second year to win the two awards.

The cast for the one-act play entitled "My Last Duchess" has also been selected and is by H. K. Rannerman. The characters include: The Duke of Ferrara-Gary Ted Jay, Marolyn Reynolds; Count of Giacomini-Gary Ted Jay, Marolyn Reynolds; Lisa-Polly Jackson. The two understudies are Sue Johnson and Doyle Bell. The understudies are very important. They must be people who can play any of the parts in event of any emergency. Mrs. Charles Scott is director.

He added that a National Safety Council study shows that slightly over one-half of last year's traffic deaths in the United States occurred in nighttime mishaps, although the traffic volumes are not as great during the hours of darkness as during daylight.

"It's very noticeable that the time of sunset is creeping up earlier each day now," Musick observed.

"Workers who have been used to getting home in daylight now are encountering dusk, and it won't be long before it will be really dark when they leave their jobs at the close of a working day."

The safety director urged car owners to check all vehicle lights, making certain they are functioning properly. He said that a nationwide vehicle safety-check program in the U. S. last year 18.5 per cent of more than 1,300,000 vehicles inspected were found defective in some manner.

"Nearly two-thirds of the defective items were related to a driver's ability to see or be seen under adverse weather conditions or darkness," Musick said.

"Faulty rear or front lights led the list of flaws," he said.

"By percentages, the automobile defects were noted thus: rear lights 26.5 per cent, front lights 16.3 per cent, front signal lights 6.4 per cent, rear signal lights 6.2 per cent, inadequate windshield wipers 4.9 per cent, glass 3.1 per cent and rear-view mirror 0.8 per cent."

The nationwide checkup showed that of those cars that were found defective, 13 per cent had inadequate brakes, 8.4 per cent had a faulty exhaust system, 6.9 per cent had poor tires, 5.2 per cent had an imperfect steering mechanism, and 2.3 per cent had no horn or a horn not in good working condition.

### and what have you

by BOB CRAIG

State Representative Roy Arledge said this week from Austin that migrant farm labor would be virtually eliminated by a Bill which is now pending in the Motor Traffic Committee of the Texas House of Representatives.

"H. B. 401", Arledge said, is almost the same piece of legislation which I campaigned against during the past election. Because of the totally unreasonable restrictions in this Bill on the transportation of migrant workers, it would be almost impossible for the farmers in our district to secure the needed labor to produce and gather our crops.

"This proposal, H. B. 401, is even more restrictive and unreasonable than was H. B. 113 of the last Legislature, which I explained during the last campaign," Arledge stated. "As a member of the Committee considering this measure, I shall do everything possible to stop this Bill so that it will not become law," he continued.

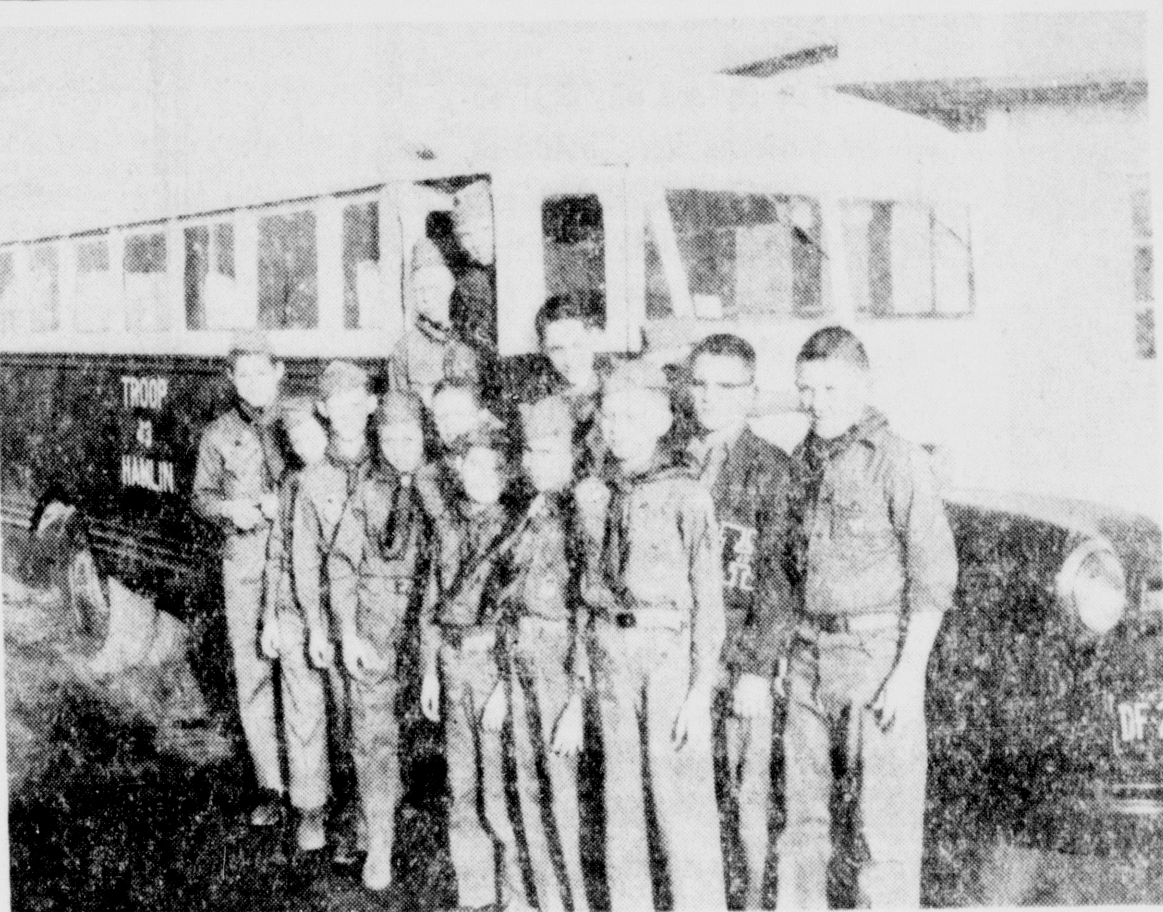

Arledge received outstanding Committee assignments for his first term. He is a member of the all - important Oil and Gas Committee, the Livestock and Stock Raising, Motor Traffic, Public Lands and Buildings State Hospitals and Special School Committees.

"It is my hope to do the best possible job in the State Legislature for the folks in our area," Arledge concluded, "and I will appreciate hearing from each and everyone so that I may have your views and suggestions on pending legislation.

## COUNTY DECLARED A MODIFIED CERTIFICATE BRUCELLOSIS AREA

Jones County has been officially declared a Modified Certified Brucellosis area, according to Jones County Agent, Kirby Clayton who helped coordinate the program in Jones County. This Certification entitles livestock producers to move cattle into and out of Jones County with all the rights and privileges contained under the law for a Modified Certified Area.

Jones County was declared a Modified Certified Area on December 14, 1962 by virtue of the fact that Brucellosis has been reduced to not more than one per cent of the cattle in not more than five per cent of the herds as indicated by official testing under the cooperative State - Federal Program. This certification is valid for the period December 14, 1962

BOY SCOUTS FINISH PAYING FOR BUS — Boys of Scout Troop 43 pictured above, manned the pumps at Oliver Oil Co. service station Saturday and the profits received from gasoline sales enabled them to finish paying

of the bus, pictured in the background. The boys paid off the \$20 due on the bus and now have money for expenses for their trips and other scouting activities.

## SCOUT EXECUTIVE SPEAKS AT COURT OF HONOR HERE SUNDAY

Troy Boone of Abilene, District Executive for the Chisholm Trail Council, was guest speaker for the Court of Honor conducted by the Boy Scouts of Troop 43 in the junior high school gymnasium Sunday afternoon.

Boone congratulated the troop and their leaders, J. O. Murphee, L. R. Browning and Floyd Smith, on the excellent job being done in scout work here. Troop 43 is now

the largest troop in the Chisholm Trail Council. This troop was chartered in February 1962 with nineteen members. They now have 46 boys active in scout work.

Among the awards given Sunday were seven tenderfoot, one second class, one first class and nine junior leader awards and several merit badges.

Murphee told of the plans for the coming year which will include a weekend trip to Austin, a tour of the capitol and the governor's mansion. There are possibly 26 boys planning to make the trip March 7.

Floyd Smith reported on the activities of the past year. The most recent project was the operation of the Oliver Service Station Saturday. Proceeds were approximately \$54.00 of which a portion was used to complete the payment for the bus purchased earlier in the year. They also helped with the March of Dimes drive again this year.

The boy's current project is selling tickets for the Lions Club annual Pancake Supper. They will receive one-third of the proceeds for the tickets they sell, which is the same offer made by the club last year. The Lions Club is sponsor of the troop.

## SURVEY SHOWS FARM INCOME, EXPENSES UP OVER PAST YEAR

The Jones County Animal Health Committee met in the Jones County Court room at 2:00 p.m. Thursday, February 7th to discuss further plans for collecting \$1500.00 for the Screwworm Program, according to information received today from Charlie Myatt who is Chairman of the local fund raising campaign and Chairman of the Committee.

"The Jones County quota is \$8918.00" says Myatt "and we are presently short \$1500.00 of the established goal." The Chairman urged all livestock producers and committeemen to get out and raise the additional funds to meet the established quota. Collected funds should be deposited in the nearest local bank and deposit slips mailed to Charlie Myatt, Route 6, Abilene, Texas.

If livestock producers fail to collect the \$100,000.00 needed in Texas to match the State

and Federal funds, the Screwworm Program will have to shut down in Texas, says Myatt. Federal and State funds will not be made available until livestock producers measure up to their obligation by raising their part of the money.

"Let's not stop until every penny has been raised", the Chairman said.

## Week End Moisture Measures .29

A dry January was recorded here at the Hamlin City Pump Station by Bill Rountree, local weather representative. He reports only .03 rain on the 4th and traces of moisture in the form of snow on the 12th and 19th. A trace was also recorded on January 26.

On February 10 there was a reading of .10 and then on Feb. 11 an additional .19. The Feb. moisture was a welcome sight to the area even though it was accompanied by below freezing temperatures. Rain Sunday evening after the reading at 5 p.m. temperatures were followed by snow until Tuesday morning.

## Singing Sunday

The Jones and Fisher County Singing will meet Sunday at 2 p.m. in the Foursquare Church. A large crowd is expected and everyone is invited, according to O. L. Cohron.

## Jack Hames Hurt In Midland, Has Surgery Tuesday

E. M. (Jack) Hames had surgery on his left hip at Midland Memorial Hospital Tuesday for treatment of injuries received when he fell from a building he was dismantling Friday.

Other than the broken hip his back and pelvis bone are broken and also his left arm and leg and his right foot.

According to Mrs. Hames his condition is fairly good, although he will be hospitalized for several weeks. He will have surgery on his foot at a later date.

Hames has been working in Midland for the past several months.

## COUNTY SHORT \$1500 ON SCREWORM PROGRAM GOAL

By Thomas K. Hunter  
Area Farm Management  
Specialist

Farm production expenditures continued their upward trend in 1962 reaching a level of about 27.7 billion dollars. Realized net income of farm operators was virtually unchanged from the preceding year since increased gross income was offset by increased production expenses. Production expenses now average over 68 per cent of total gross farm income.

Prices paid for fertilizer, building supplies, and pesticides changed relatively little while farm wage rates and the price of farm machinery and feed increased slightly. The increase in prices paid and greater use of purchased inputs caused increased expenses. Farm wage rates and prices of farm machinery have been increased for several years and are likely to increase slightly in 1963.

Feed prices were a little higher in 1961-62 than a year earlier and are expected to increase slightly during the coming year. The 1962-63 feed supply of 241 million tons is 19 million tons smaller than the record of 1960-61 supply. The 1962 feed grain crop estimated in October at 139 million tons is slightly below the record output in 1960. Total concentrates fed to livestock in 1961-62 rose 5 per cent even though feed grain prices were 3 per cent higher and high protein feed prices 6 per cent higher. Domestic consumption of feed grains is expected to continue heavy, with increasing livestock numbers in prospect in 1962-63, probably exceeding the high level reached this past year. Feed prices in the future will be influenced greatly by the results of government agricultural programs. Hay supplies are slightly below last year, and prices of hay and seed probably will average a little higher in 1963.

Prices paid for feeder cattle and calves are about two cents per pound higher this fall than in 1961. Prices paid for steer cattle in the spring of 1963 are expected to average about two cents per pound higher than last year. Per cap-

## HAMLIN STAGE BAND WINS FIRST DIVISION RATING

The Hamlin High School Stage Band won first place in the Class A-A division in Canyon Saturday during the Fourth Annual Stage Band Festival held by West Texas State College.

Directed by Tim Jones, the group received a division I rating and an outstanding band award in competition with three other A-A schools, including Denver City High School, Spearman High School and Dabhart High School.

This is the second year for the Hamlin stage band to take

part in this type of competition and also the second year to win the two awards.

Judges were Larry Wiseman representative of the C. G. Conn Company Ltd. and Tony Rull of H and A Selmer, Inc., manufacturers of musical instruments and Leon Breiden of North Texas State University.

Members of the stage band include Marilyn Reynolds, Carolyn Reynolds, Mary Margaret Turner, Freddie Shave, Jack Townley, Terry Carter, Judy Fitzgerald, Ronnie Sine, David Drummond, Gary Caudle, Dennis Weaver, Nick Moore, Randy Smith, Teresa Josey, Diane Bond, Ginger Kidd, Gary Ted Jay and Butch Holland.

Adults accompanying the group were Mr. and Mrs. Ned Moore, Mr. and Mrs. Jack Townley, Mr. and Mrs. Nelson Shave, Mr. and Mrs. Cliff Reynolds Jr., Mr. and Mrs. J. C. Turner, Mr. and Mrs. Othel Sipe, Mrs. G. W. Drummond, C. L. Howard, and Art Carter.

## Avoid Rush; Get Car Inspected Before Deadline

Residents of Jones County are urged to have their cars inspected now and avoid the rush as the deadline, April 15 draws near.

The new 1963 stickers are blue and may be obtained from any authorized inspection station in this county. Patrolman Donald Joy is in charge of motor vehicle inspection in this vicinity.

According to Dan Nasella of Abilene, Safety Education Patrolman for this 12 county area, only 3,279 cars have been inspected thus far. This represents 21 per cent of the 10,840 cars registered in Jones County.

Bad weather hinders inspection so car owners are asked to take advantage of the pretty days and not wait until the last minute, says Newlin.

## Ministerial Group Plans Sunrise Easter Service

Plans for three Easter Sunrise Service to be held in Hamlin April 14 were made Tuesday morning by the Hamlin Ministerial Alliance at the regular monthly meeting at Bunnies Restaurant.

President John Burleson presided. Other pastors present were: Rev. Val Hinkle, Sunset Baptist Church; Rev. J. C. Amburn, First Assembly of God Church; Rev. Cecil Stowe, Church of the Nazarene; Rev. Lenard Hartley, First Baptist Church and Rev. Jim Boswell, First Methodist Church.

The sunrise service will be held in the sanctuary of the First Baptist Church with members of the Alliance having parts in the worship service. The choirs of the local churches are being asked to form a combined choir. More information will be released as time for the service approaches.

## Spur Man to Open Shoe Service Here

Hamlin Shoe Service will be re-opened here Saturday by the new owner, Slim Metter. Metter and his wife will offer a complete boot and ladies' service.

Formerly of Spur, the new owner has had 20 years of experience in the shoe repair business.

## Monahans Man Named Telephone Co. Manager Here

Harold Johnson of Monahans has been named manager for the Southwestern Bell Telephone Company in Hamlin succeeding Roy Eury who has been transferred to Dallas. Announcement of the change was made by Duan Dawkins, district manager for the company in Abilene who said the change is effective immediately. Eury has served as manager of Hamlin since August of 1961.

Johnson, the new manager, is a veteran of 13 years with the telephone company. He began his career in Longview in 1950 and has served at Marshall, Tyler, Lubbock and Monahans. He was promoted to manager of the Monahans business office in April of last year. An active civic worker he has participated in Junior Chamber of Commerce activities, Chamber of Commerce work and Boy Scout projects.

## Gerry Bowman Named Cashier Of Corpus Bank

Gerry Bowman of Clyde son-in-law of Mr. and Mrs. Joe Murff, Hamlin has accepted a position as cashier of the new Stonewall National Bank in Corpus Christi.

He has been a cashier of Peoples State Bank in Clyde since February 15, 1961. He is a 1951 graduate of Lubbock High School and graduate from Hardin-Simmons University in 1956. He completed his training at the Texas Institute of Banking. He worked at Abilene's First State Bank from 1952 until assuming the post with the Clyde bank.

Mrs. Bowman, the former Norman Jo Murff, is a 1954 graduate of Hamlin High School and attended Gail Business School at Abilene.

The Bowmans have two children Lynn Jo, 5 years old and Rickey, 2 years old.

Response to the Sabin Oral Vaccine given here Sunday was not as favorable as the response to the first and second doses given last year. Only 2800 persons received the type III vaccine as compared with approximately 3600 receiving type I on Sept. 30 and 3401 receiving type II on Nov. 11. (These figures do not include the make-up.)

Make-up doses will be given Friday morning to those who were unable to take the type III vaccine on Sunday. The same procedure will be followed as before; minors will be required to have a parental request form or the immunization record of their previous doses. The vaccine will be given at the primary cafeteria from 9:30 to 12. Voluntary donations of 25c per dose from those who wish to give to help defray the cost.

Residents are urged to take advantage of the mass inoculation program in order to protect themselves and the community against the "cripping" type of polio. With the type I and II along with the type III a person is immunized against all types of polio. If the type III is omitted, a person will be susceptible to the most serious type. Each vaccine is designed for a separate type of the disease.

Type III vaccine has been ordered by the committee on Control of Infectious Disease of the American Academy of Pediatrics and U. S. Surgeon General Luther L. Terry.

## Three File for Re-Election on School Board

An election to fill three places on the Hamlin Independent School District has been called by the board for Saturday, April 6, 1963. All three trustees whose terms are expiring have filed for re-election.

Seeking re-election on the board will be Eddie Jay, Bill Herbert and Dr. M. L. Smith. Deadline for announcing as a candidate has been set for March 6.

Noel Weaver has been named election judge and he will be assisted by two clerks, Mrs. Brad Rowland and Mrs. C. C. Prater.

Request for filing for a place on the board may be obtained from the secretary of the board or from the Superintendent, C. E. Cook.

## Cub Banquet Set

The annual Cub Scout Blue and Gold Banquet will be held Monday night at the Primary Cafeteria at 7 p.m.

Guy Weaver will show films of last year's exhibition and will explain plans being made for this year's show to be held in April.

Boys and their families will be attending. Each den will plan their own.

## FHA Members Help With Vaccine Here

Members of the Homemakers of America who helped with the Sabin Oral Polio Vaccine drive here Sunday were Darlene Sanders, Donna Compton, Marilyn Reynolds, Connie Jo Duncan, Delia Nichols, Cynthia Stephens, Nancy Thompson, Jan Albritton, Glenda Hudspeth, Elizabeth Cunningham, Sherilyn Witt, Johnnie Harbert, Judy Cade and Judy Jenkins.

The girls are working on one of the phases of their FHA degrees and assisting in the project will give them credit for community service.

Mr. and Mrs. Davey Weaver of Lubbock are the parents of a son, George Chadwick, born February 4 at 10:20 a. m. in Lubbock. He weighed 6 lbs. 12 oz. Maternal grandparents are Mr. and Mrs. George Cape of Corpus Christi. Paternal grandparents are Mr. and Mrs. Noel Weaver of Hamlin.

THREE STONEWALL CO. 4-H'ERS IN KANSAS CITY—Three Stonewall County 4-H'ers left Wednesday for Kansas City, Mo. for the National Junior Poultry Fact-finding Conference. The three are pictured above at the Stonewall Co. 4-H Banquet with Sharon Leverett, second from left, who attended the 4-H Congress in Chicago last fall. They are Billie Ann Vahlenkamp, daughter of Mr. and Mrs. W. H.

Vahlenkamp, Miss Leverett, Stanley Diers, son of Mr. and Mrs. E. H. Diers, and Nancy Vahlenkamp, daughter of Mr. and Mrs. Herbert Vahlenkamp. The three were joined by a delegate from the Brazos County 4-H Club to represent Texas at the conference. They were accompanied by Stonewall County Agent, Truette Hennig, and Mrs. Hennig.

## SOCIAL SECURITY, INCOME TAX TIPS GIVEN FOR FARMERS

Editor NOTE: Following is the first of six articles prepared jointly by the Internal Revenue Service and the Social Security Administration for readers' information during this annual Federal tax reporting season.

Farmers -- perhaps more than any other group in the population -- are keenly aware of the changes wrought in nature by the four seasons. They have to be -- their livelihoods depend almost entirely on how they plan for and adjust their activities to the cycle of the seasons.

Another time of the year that farmers are alert to has again arrived. This is the time when they begin looking over the books to see what they must report to Uncle Sam on their Federal income tax returns for the year just past. And they know that since 1953, these same tax returns and the contributions paid them build social security protection for them and their families against the loss of income with disability, untimely death, or retirement.

It isn't just the farmer who has had an especially good year who earns social security credits. There is an optional method of reporting for farmers whose net earnings in 1962 were low or non-existent. It works like this:

(1) If a farmer's gross income from agriculture self-employment is not more than \$1,800, he may count as his net farm earnings either his actual net or two-thirds of his gross income.

(2) If his gross farm income is more than \$1,800, and the net farm earnings are less than \$1,200, he may use his actual net or \$1,200.

But if his gross farm income is more than \$1,800, and his net farm earnings are \$1,200 or more, he must use the actual amount of his net earnings.

Because of the option available, a self-employed farmer with a gross income as low as \$600 can obtain social security credit for 1962 -- and so build protection for himself in his old age, or if he becomes disabled, and protection for his

survivors in case of death. Some farm owners who receive cash - rent or crop shares from tenant farmers can get social security credit for that income. If the farm landlord (or his agent), under his agreement with his tenant, materially participates in the production or management of production of the farm crops raised on his land, this income may be reported for social security purposes.

Information regarding taxes due and tax return forms can be obtained at the Internal Revenue Office at 951 N. 3rd in Abilene. If you have any questions about old - age, survivors, or disability insurance, the people in the social security office at 203 Fannin in Abilene will be glad to answer them.

### Car Stuck In Loose Sand

Almost as tragic as having your car stall in midstream on a cold day is to traverse some back road and have the wheels of your car sink deep in loose sand.

The more you spin the wheels, the deeper they sink. So don't do it!

Stop at the first wheel spin, get out, walk to the nearest water, fill a pail, or your hat, then douse water around both rear wheels to pack the sand. This will enable you to drive out with relative ease.

### Beware The Safety Button

Many a hunter has shot himself, or somebody else, simply because he relied too heavily on the safety catch on his shotgun.

Safeties on shotguns are apt to give a sportsman a false sense of security. All the safety snap does is block the trigger so they can't be pulled.

It doesn't block the hammers so they can't fall and hit the firing pins. And hammers are what fire the guns.

## LIFE'S OBSTACLES

We can easily see physical obstacles such as logs, boulders, and many other things that may be too difficult for our children to handle, but things that are not physical are not always so obvious. A young child needs help from his parents in spiritual matters too. The church can be an influence on children's lives, but when you, a parent, are taking part in church worship, you can be an even greater influence. Give your children, the leaders of the future, a hand now when they need it most. Take them to church regularly... and you too, will have a fuller and better life.

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex.—Lawyers are wondering if the Texas Senate really passed a constitutional amendment resolution proposing that the voters give women equal rights.

Records show that this resolution passed the Senate 26-5. But it also shows that the Senate voted down an amendment which would have made it clear that the purpose of the proposal was to repeal all laws on the statute books which treat women differently from men.

When courts interpret the laws and the constitution, legislative intent is what they must determine. Records now show that the legislative intent of the Senate was not to repeal all the discriminatory laws about women.

This proposal, by Sen. William T. Moore of Bryan, has been (defeated) in the Senate many times before.

It now goes to the House of Representatives, which has (passed it) many times before.

**TEXAS SELLS ITSELF**  
Legislators' proposal to add such slogans as "Lone Star State" and "Texas Has Everything" to auto license plates haven't found favor with DeWitt Greer, chief engineer for the State Highway Department.

"T-E-X-A-S is the only slogan this state needs," Greer told the House Appropriations Committee. He added that more wording on car tags just means additional expense.

"All law enforcement officers will tell you," Greer explained, "that the readability of the rest of the plate is lessened if you crowd in slogans."

**PARKS-HIGHWAY TIE IN**  
Greer testified before the same committee during hearings on a bill by Rep. David Haines of Bryan to put state parks under the Highway Commission's jurisdiction.

Greer made it clear that his commission is not seeking an extra job. But he stated, "If you gave us three parks to administer, we would do an outstanding job of it."

Haines' proposal is an alternative to Gov. Connally's suggestion that the Parks Board be combined with the Game and Fish Commission.

Rep. Haines said he thought Greer's agency could and should take over the parks, ever, that Texas is building its railroads at about 60 per cent of what the cost per mile in other states has been.

"If the parks were improved," Haines stated, "it would increase highway travel, which would increase gas consumption. And that would increase the gas taxes to the highway commission, so they would have a high stake in doing a good job."

**DEATH OF POLL TAX?**  
—If the rest of the Senate feels like the Senate committee on constitutional amendments, the poll tax may be on its way to extinction.

Committee gave a nine-to-two approval of Laredo Sen. Abraham Kazen's bill to submit to the people a constitutional amendment that would kill the poll tax as of February 1, 1965.

The two "no" votes in committee came from Sen. George Parkerhouse of Dallas and Sen. Galloway Calhoun Jr. of Tyler.

"Ayes" came from Sens. Kazen, Charles Herring, of Austin, Roy Harrington of Port Arthur, Don Kennard of Fort Worth, Culp Krueger of El Campo, Walter Richter of Gonzales, Aaron Schwartz of Galveston, Franklin Spears of San Antonio and Jack Strong of Longview.

If Kazen's bill passes the full legislature, voters would make the final decision in the 1964 general election. So far, every state that has voted on the federal constitutional amendment to do away with poll taxes, except Mississippi, has voted to drop it.

**"COLOR - BLIND" TAX**  
Rep. Howard Green of Fort Worth introduced a bill to make the poll tax "color blind."

Green called the race notation on voter registration forms useless and outmoded. Furthermore, "It is an additional bar to full citizenship."

He believes his bill will pass with little opposition, but there are many who consider the race notation a necessary aid to voter identification.

**ANTI - POLLUTION BILL**  
—A bill to give a county health officer the power to enter and check business establishments and manufacturing plants "to discover threats to the public health" from air or water pollution was reviewed by Rep. Bob Echardt of Houston. He failed to get it passed in previous sessions.

Governor Connally is supporting the new bill.

**ATTORNEY GENERAL DO-NATIONS OPPOSED** — Contributions from oil companies — aimed at helping unemployed persons on the Gulf Coast — has been introduced by Rep. Ed J. Harris of Galveston.

Harris proposed that citizens be allowed to fish with rod and reel in their home counties without paying \$2.15 for a license. He described fishing in one's own county or from one's own property as a "basic, human right."

**PURCHASE RAISE PROPOSED** — A bill to raise from \$150 to \$500 the amount of "emergency purchases" a county can make without advertising for competitive bids has been drafted by Rep. Vernon Beckman of Denison.

Beckman said a county official can't buy a truckload of gasoline or a typewriter without exceeding the \$150 limitation enacted in 1921.

Beckman introduced another bill which would raise the maximum to be spent by county commissioners on office buildings or jails in cities other than the county seat from \$150,000 to \$200,000.

**OIL ALLOWABLE UPPED** — Texas Railroad Commission has given oilmen their biggest production raise in many months. Commission has set the February allowable at 29 percent of potential.

**MEDICAL PRACTICE** — Senator Jim Bates of Edinburg has introduced legislation (SB 64) aimed at licensing and regulating non-physician owned and operated clinical laboratories.

"This bill would strengthen the Texas Medical Practice Act," Bates says, "by establishing educational and experience standards as a requirement for licensing by the State Department of Health."

Bill also requires that all tests be performed only upon the request of a doctor.

**TOO BIG** — Rep. V. E. "Red" Berry of San Antonio wants to divide Texas into two states.

A constitutional amendment proposed by the colorful retired gambler would create the "State of South Texas." Berry envisions it as a tax-free paradise in which horse racing, liquor by the drink and tourist trade would flourish.

"Nearly all counties in 'South Texas' voted for racing last year," he said enthusiastically.

**RAPID PACE** — Highway construction moved along at a rapid, but not record, pace in Texas during 1962. State Highway Engineer D. C. Greer says Texas is "on schedule" in the interstate program.

He particularly notes, however, that Texas is building its railroads at about 60 per cent of what the cost per mile in other states has been.

Sprawling interstate systems and unique bridge projects highlighted the year for the Texas Highway Department.

Eighty-one new interstate miles were built in the state, bringing the total now open to traffic to 1,895 miles.

Texas' target is 3,000 miles by 1972, Greer says.

**AG RENAMED** — Maj. Gen. Thomas S. Bishop has been re-appointed Adjutant General of Texas by Governor Connally.

Brig. Gen. James D. Scott also was renamed assistant.

**REDISTRICTING PROPOSED** — Dallas County will get Texas' 23rd Congressman if the 9-man Dallas House Delegation has its way.

All three Democrat and six Republican House members have joined in introducing a bill to redistrict the state.

Their proposal would split the county into two congressional districts along the north-south line which now divides county commissioner precincts.

**CONSTITUTION REVISION** — Rep. Carl Parker of Port Arthur says he will handle in the House a measure creating a 40-man commission to study revision of the Texas Constitution.

A similar measure, SB 31, has been introduced in the Senate by Sen. A. R. Schwartz of Galveston.

to finance investigations by the attorney general to see if competitor's oil wells are slanted would be outlawed under a bill introduced by Rep. Ben Barnes of DeLeon.

Nearly \$300,000 in contributions from major — and some minor — oil companies was used by former Attorney General Will Wilson to make such surveys in East Texas.

Attorney General Waggoner Carr told Representative Barnes that the \$80,000 recently appropriated by the legislature will be sufficient for his investigations.

So Barnes filed a proposal which would make it illegal for the attorney general to accept money from anyone to investigate or prosecute anything.

**RENTAL PAY PLAN** — Fifty per cent of a man's weekly wages could be attached to pay child support if Tyler Rep. Ben Jarvis' bill became a constitutional amendment.

**COUNTY UNIT CHANGE PROPOSED** — Rep. George T. Hinson of Mineola thinks it's time someone started doing something about "modernizing county government." So he has introduced a bill to require county commissioners to be elected by the county at large.

Each county precinct would have to put up resident candidates, which, Hinson explained, would assure continued local representation through pooled knowledge of each precinct's problems, and prevent the largest community from filling a commissioners court with its own residents.

Hinson believes his county-at-large election plan would get commissioners from all precincts to work at all times for the best interest of the entire county.

If his bill becomes law, Hinson sees it as a forerunner to eventual, economical pooling of the resources — capital, road machinery, manpower and equipment — of all a county's precincts into one central unit.

**DO 'EYES' HAVE IT?** — A proposal by Rep. Bill Walker of Cleveland that the state song be changed from "Texas, Our Texas," to "The Eyes of Texas" has been referred to a study subcommittee which includes no Texas exes.

Subcommittee chairman Gene Hendryx of Alpine is a Sul Ross graduate. One member, Rep. Howard Green of Ft. Worth, finished at T.C.U., and the third member is an ex-Aggie — Rep. Richard C. Slack of Pecos.

Some interested legislators have suggested that the "Eyes of Texas" might be made more palatable if the opening bars of the "Aggie War Hymn" were added.

But a state association of music clubs has indicated that the Aggies aren't the only ones opposed to a change of the state anthem.

**"MADE IN U.S.A." ORDER HIT** — The 3rd Court of Civil Appeals in Austin has contracted the State Highway Commission by declaring that the commission has no authority to enforce a "made in the U.S.A. only" restriction on highway construction materials.

Commission had stated on October 28, 1960, that highway contractors can't use foreign materials for highway construction. This order was challenged by the Texas Association of Steel Importers, Inc., in the 53rd District Court in Austin, which upheld the state order.

Importers appealed to the 3rd Court of Appeals. It ruled, "We believe an order disallowing all imported materials from the market available to highway construction contractors act to restrict competitive bidding."

**SPREADING INTEREST** — The Texas Highway Department, which has been re-appointed Adjutant General of Texas by Governor Connally, is spreading interest in the state's highway program.

Brig. Gen. James D. Scott also was renamed assistant.

## FORMER RESIDENT MARRIED SATURDAY IN CANYON CHAPEL

Elva Nelle Sibert, a former Hamlin resident, and member of the 1958 graduating class of Hamlin High School, was married to Billy Joe Devers of Spearman Saturday evening in the Joseph A. Hill Chapel on the Campus of West Texas State College, Canyon.

Miss Sibert, daughter of Mr. and Mrs. Austin Sibert of Midland is now employed in the business office of WTSC, Canyon.

Devers is the son of Mr. and Mrs. Roy O. Devers of Spearman and is now attending WTSC, Canyon.

The wedding was solemnized at 6 p.m. with Dale Peterman of the Midland Church of Christ officiating.

The bride was given in marriage by her father who is a Church of Christ Minister.

Myra Sibert, sister of the bride who is now attending Lubbock Christian College, was maid of honor. Bridesmaids were Linda Adams of Tulsa and Peggy Devers, sister of the bridegroom, of Spearman.

Donald Ray Devers of Amarillo was best man for his brother. Groomsmen were Dan Vaughn of Spearman and Bill Canyon.

## DePriest Students Present Style Show February 1

A Carnival of Fashions was the theme of the style show presented by students of the DePriest Chapter of New Homemakers of America. The review was staged in the Hamlin High School auditorium Friday, February 1.

Under the leadership of Mrs. Ethel Cunningham, Homemaking instructor, 30 students, both from the regular classes and the adult classes, modeled their clothing amid a carnival scenery of bright colored pennants, streamers and balloons.

In the lounging clothes division models were Alice Ervin, Estelle Willis, Eva Jo Delce, Deltha Henry and Louise Bolden.

The cotton candy fashions included simple cotton dresses and suits appropriate for school and casual wear. Models were Ella McPhearson, Dina Lee, Cary Austin and Rosie Delce.

Confetti Fashions, garments in bright youthful colors of cotton and woolen materials, were modeled by Sandra Covington, Nancy Miller and Willie F. Kirby.

Dress apparels, for church and similar occasions were modeled by Iva Jaye Starr, Mae Dee Davis, Eva Nabors, Ola Mae Thompson and Lillie Faye Davis.

In the evening wear division models were Bettye Johnson, Barbara Nell Johnson, Estelle Willis and Queen Ester Butler. Adults modeling were Mrs. Albert Cork, Laura Butler, Janice Baldwin, Lena Butler, Janice Cork and Maudie Paige.

The finale, a Carnival Ball, featured musical selection presented by a group of students under the direction of Bobby Cain.

The young ladies and men were attired in evening wear fitting to the occasion.

A reception was held at the DePriest Homemaking department following the fashion show.

The attendants dresses were of delustered satin with matching shoes and crownless pillboxes. The maid of honor wore willow green and the bridesmaids wore antique gold. Their flowers were bunched gold pom poms.

The reception was held in Cousins Hall on the WTSC campus.

For a wedding trip to Lubbock the bride wore a forest green wool suit with matching hat and black accessories and a corsage from her bridal bouquet.

The couple will reside in Canyon.

## Players Invited To Play in Graham Bridge Tourney

Contract bridge players of Hamlin are invited to participate in the second annual club championship game of the Graham Duplicate Bridge Club, set for Saturday, February 16, at the Womans Club in Graham.

The event will be a two-session affair, with sessions to begin at 2 and 7:30 p.m. Registration will begin at 1:30.

Buffet supper will be served at 6 o'clock. Refreshments during both sessions of play will be provided by the Graham Bridge Club.

Reservations should be made not later than Friday, Feb. 15, by writing Box 1050, Graham, Texas, or calling Lincoln 9-2340.

A fee of \$3.50 per person will include both sessions of bridge and the buffet supper.

Master points will be awarded as sanctioned by American Contract Bridge League for Local Rating competition.

## NATIONAL ELECTRICAL WEEK February 10-16 1963

The three million men and women of the electrical industry observe National Electrical Week each year during the week of Thomas A. Edison's birthday, February 11. National Electrical Week is a time when attention is focused on the contributions that electricity makes to our economy, our high standard of living, and our progress as a nation.

ELECTRIC CITY

America's Growth Power

Do you know that...

Today the United States has more power capacity than the next 5 nations combined and almost three times the power capacity of the Soviet Union.

West Texas Utilities has increased its electric generating capacity over 6 times since 1942.

In terms of residential use, the American home uses nearly eight times the electricity of the Russian home. Americans use twice as much for lighting alone as the Russian total.

The average cost of a kilowatt hour to residential customers served by WTU has decreased 35% in the last 20 years.

FAIRVIEW NEWS

By MRS. ELMER JOINER

After a week of warm, beautiful weather winter is here again this Monday morning. The snow which fell in the night is a welcome sight, all we need is a lot more of the same. The drought of the past few months was beginning to get serious to the wheat growers, although the little wheat surley did take a new lease on life after the warmer, sunny weather set in. Fields that looked to be dead, unless you looked closely, are again a beautiful green, and growing in spite of the lack of moisture.

Mr. Wainscott was in a critical condition for several days last week, but at last report he was improved slightly, but owing to his advanced age, he is still in serious condition.

We are sorry to report that Mrs. Derrel Lewis's father, J. W. Ray, of Lubbock, passed away last Thursday morning, in a hospital in Lubbock. He had been seriously ill for some time and death was not unexpected. Funeral services were held Friday afternoon in the Canyon Baptist Church, east of Lubbock. He is survived by his wife, several children and grandchildren, and was a member of the Baptist church, serving as deacon.

John Goodwin, of Los Angeles California, arrived by plane in Abilene, last Tuesday evening, where he was met by his brother, Woodrow, for a visit

Joyful Reapers  
Union Guests of  
E. B. Hoppers

The Joyful Reapers Training Union of North Central Baptist Church were guests in the home of Mr. and Mrs. E. B. Hopper for the regular monthly business meeting and social.

Hopper, vice president of the group, presided.

The devotional was given by Viva Dell Wilcox. George Campbell gave the opening prayer.

Mrs. D. A. Mullins directed games. Ten members and five visitors were present as follows: Messers and Mrs. Kenneth Leverett, A. M. Burleson, Joe Castel, Roy Embry, George Campbell and Yvonne Castel, Mrs. Mullins, Mrs. Wilcox, and the hosts.

with his brothers and sisters of this area. Mr. Goodwin is a retired navy man, making his home in California after his retirement, Wednesday, the two brothers accompanied by a sister, Mrs. Mamie Blisset of Anson, went to Roby to visit with their ill brother, Bryan Goodwin. They were met there by another brother, Walter of Odessa, which made a nice family get together.

Mrs. Buck Joiner and Susan, made a short visit with the Elmer Joiners, Thursday afternoon, having come from Odessa for the funeral of their grand mother, Mrs. T. A. Durham, of Anson. Also coming from Odessa for the funeral were Mrs. Donnie Holloway and Beverly, and Mrs. Troy Rodgers, sisters of Mrs. Joiner and also granddaughters of the deceased.

After a prolonged illness Mr. E. A. Henry's brother, of Crosbyton, passed away last Friday afternoon, a victim of a heart attack. Mr. and Mrs. Henry attended the funeral, time and place was not learned.

Mr. and Mrs. Rex Jones and children, Abilene, visited with the Mel Jones, Saturday.

Mr. and Mrs. Flavi Holmes and Mr. and Mrs. Jack Wright, Melinda and Keanan, all went to Abilene Sunday after church to take dinner with Mr. and Mrs. Bill Clements and girls.

Mr. and Mrs. Joiner went to Stamford Sunday afternoon and visited with Mr. and Mrs. A. E. Rutherford. Mrs. Rutherford has been ill most of the winter but at this time is improved a bit.

Singing and family night at the church was fairly well attended last Wednesday night, considering that the pastor and family were unable to be there. After a session of songs, the crowd all went to the Rosenbaum home for refreshments and some good games of 42. Nineteen were present, which seems like a small crowd to a larger congregation, but it makes for a good time and close fellowship, so we all enjoy it still.

Mr. and Mrs. Fred Rosenbaum visited in Stamford Thursday night, with the Wainscott family, at the hospital.

NEINDA PHILOSOPHER TAKES  
A STAB AT UNDERSTANDING COMMON  
MARKET IN EUROPE, BUT MISSES

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route one takes a look at the Common Market this week, but what he sees is hard to say.

Dear editor:  
In between news of new cold fronts, the papers lately have been filled with articles about England's troubles in getting into the European Common Market, and I have been giving this some thought. As I understand it, nobody really understands it.

I mean, nobody understands why De Gaulle won't let England in, when all the other countries in on the deal want her in. One magazine took ten

pages to explain it, and never did. The Common Market, it has been explained to me, simply lifts all the border barriers between the countries of Europe, so that potatoes, say, can move from France to Germany like they can from Jones to Taylor counties, without any tariff changes or red tape.

But De Gaulle is standing firm against England, possibly on the grounds that he doesn't like English potatoes. It's not that he has anything against Englishmen. For example, during the First World War and also in the Second World War, France was highly in favor of a common market in soldiers,

and welcomed British fighters with open arms. Weren't any tariff charges on them. Why they even let Americans in on it.

This is all I know about the Common Market, and to rest my mind from all this international thinking, I would like to get on a domestic subject and ask the weather bureau a question.

Cold fronts have been sweeping over the United States so often this winter it's hard to keep up with them. For example, I'm not sure whether it was four or five fronts we had in January, and what I'd like to ask the weather bureau is why doesn't its name

them like it does hurricanes? "Cold Front Khrushchev" has been sighted in Canada and is due to hit the United States at midnight," the bulletin could read. Or "Blizzard Castro is weakening." If cold fronts are going to make people miserable, there'd be some satisfaction in calling them by name. Right now, the only cheerful thing about this winter is that Russia is having the same kind

The first official American flag was displayed on Prospect Hill, Jan. 1, 1776.

The Continental or Grand Union flag had thirteen alternate red and white stripes with the British Union Jack in the upper left corner.

Stars and Bars was the name given the first Confederate flag, adopted in 1861 by the Confederate convention in Montgomery, Ala.

Ask Amy  
BY AMY ADAMS

HE'S LEFT 'HOLDING THE BAG'

Dear Amy:  
This girl I go with takes me shopping with her and when we get to a women's store, she gives me her handbag to hold while she shops with her charge-a-plate. This gets embarrassing when a friend comes along and sees me holding her bag. What's a guy supposed to do?

Embarrassed Holder  
Dear Embarrassed:  
'Holding the bag' while your wallet is intact has its compensations. But if you still feel embarrassed, say "nix" on future shopping trips.

Dear Amy:  
After being a widow for 19 years, I recently married a retired chef. My friends tell me that I am lucky to have a cook in the family, which of course, I do not complain about. But when he starts preparing some of his culinary concoctions which he calls his specialties, he uses all the pots and pans in the house and he leaves the kitchen in shambles.

My problem is: How can I tell him to go easy with the kitchen utensils without hurting his feelings?

In a Dilemma  
Dear In:  
Chefs never clean up the mess, they just make it! If you find the cleaning up job a chore, retire him permanently—or shop around for a dishwasher.

Dear Amy:  
I'm eighteen years old and I've been dating a married man for quite a while. He's been married for nine years. He has a child who just started school.

His wife knows of our dating and told him that she would leave him if he didn't stop seeing me. But he hasn't stopped and says that he loves me too much to even think about it. He's never dated anyone else since his marriage.

I know that I'm in the wrong. But I also know that I love him very much. What should I do? Listen to my head or my heart?

Mixed Up  
Dear Mixed Up:  
I have no intention of giving you a lecture (not that you couldn't use one). But any girl who intentionally dates a married man is pretty low-down in my book. If

you have a heart, think of what you're doing to his family... and if you have a head, use it. Send him home where he belongs!

P.S. Please read the following letter.

Dear Amy:  
I'm a single girl of 17 years and in love with an 18 year old man. He's married and says he loves me, but every time I go to town, I see him and his wife holding hands together or sitting with his arm around her. He said he doesn't love her—he loves me. He also has a 1 1/2 year old baby girl.

He's always telling me he'll get a divorce but I never see any action. When another boy wants to date me, he gets mad and says if I do, he's through with me for good. So I don't go out with them and they say he's got me tied around his little finger. Because I love him very much, I lend him money for cigarettes and gasoline.

Just the other day I found out I was pregnant. Now I don't know what to do. I'm afraid to tell him for fear he'll leave me and I couldn't bear that. Please, Amy, what should I do? Tell him or go to his wife and try to explain. My own mother kicked me out when she found out the condition I was in.

A Worried Soul  
Dear Worried:  
Telling him will not force his hand because he will not marry you. Telling his wife would make this awkward, unpleasant situation worse. Children who play with fire get burned. Don't stir up any more sparks—the damage is done.

Send me your name and address and I will put you in touch with a home for unwed mothers that will care for you until your child is born.

Personal to Lonesome Lovers:  
If he can afford the license, get married. One more or less in the family won't dent the budget.

"No Bride For The Groom", the title of the Senior play which will be presented in March. Last week tryouts were held and the following characters were selected: Bess Selby-Lagena Weaver; Herbert Prindel-Barry Moore; Jolly- Billy Blankinship; Sophia Selby-Margaret Maberry; Digby Prindel-Van Newberry; Libby Little-Betty Jane Robertson; Betsy-Danny Niedecker; Salamandy-Sunny Teague; Dot Clairborne-Gloria Jenkins; Tom Swanton-O. W. Weaver, Jr.; Prissy Paluna-Dotty Albritton; Belinda Groot-Lou Ann Hawkins. Director of the play will be Mrs. Dewey Nunley. Mrs. Everett Gibson is business manager and Mr. Milburn Wink and Mr. B. V. Newberry are in charge of the stage.

Serving as student director is Dan Newberry. Other class members filling certain jobs are: Tommy Brown-sound effects and program; Sandra Jayroe-student business manager; Jackie Smith and Penny Ford-tickets; Mary Debs Rountree prompter; Dorothy Gray-make-up-artist; Andy French and Mary Debs Rountree-understudies. -hhs-

Members of the Hamlin High School Stage Band won first place in the Class 2A division in Canyon Saturday at the Fourth Annual Stage Band Festival held at West Texas State College. The group received a division I rating and an outstanding band award in competition with three other 2A schools. These include: Denver City High School, Spearman High School, and Dalt-hart High School.

There were 18 band members who made the trip, accompanied by the director, Tim Jones. Members of the stage band included: Marilyn Reynolds, Carolyn Reynolds, Mary Margaret Turner, Freddie Shave, Jack Townley, Terry Carter, Judy Fitzgerald, Ronnie Sipe, David Drummond, Gary Cauble, Dennis Weaver, Nicky Moore, Randy Smith, Tresa Josey, Diane Bond, Ginger Kidd, Gary Ted Jay, and Butch Holland.

This is the second year that the Hamlin stage band has taken part in this type of competition and is also the second year to win the two awards. -hhs-

The cast for the one-act play entitled "My Last Duchess", has also been selected and is by H. K. Bannerman. The characters include: The Duke of Ferrara-Gary Ted Jay, Mariocesa-Sue Martin; Count of Giocmini-Gary Ted Jay, Mariocesa-Sue Martin; Lisa-Polly Jackson. The two understudies are Sue Johnson and Doyle Bell. The understudies are very important. They must be people who can play any of the parts in event of any emergency. Mrs. Charles Scott is director.

He added that a National Safety Council study shows that slightly over one-half of last year's traffic deaths in the United States occurred in night-time mishaps, although the traffic volumes are not as great during the hours of darkness as during daylight.

"It's very noticeable that the time of sunset is creeping up earlier each day now," Musick observed.

"Workers who have been used to getting home in daylight now are encountering dusk, and it won't be long before it will be really dark when they leave their jobs at the close of a working day."

The safety director urged car owners to check all vehicle lights, making certain they are functioning properly. He said that a nationwide vehicle safety-check program in the U. S. last year 18.5 per cent of more than 1,300,000 vehicles inspected were found defective in some manner.

"Nearly two-thirds of the defective items were related to a driver's ability to see or be seen under adverse weather conditions or darkness," Musick said.

"Faulty rear or front lights led the list of flaws," he said. "By percentages, the automobile defects were noted thus: rear lights 26.5 per cent, front lights 16.3 per cent, front signal lights 6.4 per cent, rear signal lights 6.2 per cent, inadequate windshield wipers 4.9 per cent, glass 3.1 per cent and rear-view mirror 0.8 per cent."

The nationwide checkup showed that of those cars that were found defective, 13 per cent had inadequate brakes, 8.4 per cent had a faulty exhaust system, 6.9 per cent had poor tires, 5.2 per cent had an imperfect steering mechanism, and 2.3 per cent had no horn or a horn not in good working condition.

"At no time should the parked when meeting a car on the road at night, and also when following another car," the director lights be used as driving lights."

"At no time should the parking-rear concluded."

MOTORISTS URGED TO CHECK THEIR CARS FOR WINTER

By dimming your bright auto headlights you are saying, "Good evening, Fellow driver!" It's this spirit of goodwill on the highway that will make motoring at night much safer.

It was declared today by the Texas Safety Association's General Manager, J. O. Musick.

He added that a National Safety Council study shows that slightly over one-half of last year's traffic deaths in the United States occurred in night-time mishaps, although the traffic volumes are not as great during the hours of darkness as during daylight.

"It's very noticeable that the time of sunset is creeping up earlier each day now," Musick observed.

"Workers who have been used to getting home in daylight now are encountering dusk, and it won't be long before it will be really dark when they leave their jobs at the close of a working day."

The safety director urged car owners to check all vehicle lights, making certain they are functioning properly. He said that a nationwide vehicle safety-check program in the U. S. last year 18.5 per cent of more than 1,300,000 vehicles inspected were found defective in some manner.

"Nearly two-thirds of the defective items were related to a driver's ability to see or be seen under adverse weather conditions or darkness," Musick said.

"Faulty rear or front lights led the list of flaws," he said. "By percentages, the automobile defects were noted thus: rear lights 26.5 per cent, front lights 16.3 per cent, front signal lights 6.4 per cent, rear signal lights 6.2 per cent, inadequate windshield wipers 4.9 per cent, glass 3.1 per cent and rear-view mirror 0.8 per cent."

The nationwide checkup showed that of those cars that were found defective, 13 per cent had inadequate brakes, 8.4 per cent had a faulty exhaust system, 6.9 per cent had poor tires, 5.2 per cent had an imperfect steering mechanism, and 2.3 per cent had no horn or a horn not in good working condition.

"At no time should the parked when meeting a car on the road at night, and also when following another car," the director lights be used as driving lights."

"At no time should the parking-rear concluded."

ENJOY JARMAN'S FRIENDLINESS OF FIT

The story here (a true story) is that this Jarman offers more casual good looks and comfort than most any shoe you can find. The handsome "sideline" stitching is hand sewn. The leather is supple grain. The construction is genuine moccasin, for durability and wearing ease. The price is surprisingly modest. The thing to do, therefore, is come in right away and try a pair.
